The featured keynote this year is Ms. Denise Bissonnette. Denise is a beacon, a compass, a teacher, a mentor, and a colleague. She passionately inspires us to look beyond traditional notions of career & job development and, instead, to help craft livelihoods that are rooted in the individual genius of each person. With a unique ability to bring us to the "heart" of our work, Denise opens us to new insights about ourselves and the people we serve. Enhancing that with practical tools and strategies, she enables us to be more authentic and effective in our work. For more information visit:
