We are interested in receiving innovative proposals that indicate a well-planned project that is quickly and easily understood, that has direction, has broad based support and high priority in the community. The applicant should demonstrate expertise in the project area and creative collaboration and leveraging of other resources. Applicants may submit multiple proposals; however, only one area of interest should be addressed per proposal. The ultimate outcome of Innovative Projects is to support promising ideas, expand best practices, improve services and supports, and capacity building that will contribute to sustainable system changes. Please note that grant funds are not intended to replace or supplant existing funding or duplicate services. Proposals should propose an entirely new project. Projects should be focused on improving the lives of people with developmental disabilities and their families.

**Number of Grants Awarded:** The number of grants awarded depends on the number of proposals submitted, the quality of the proposed projects, and the availability of funds. **Entities should propose a reasonable, justifiable budget for implementing requested activities.** (In general, for Innovative Ideas projects within organizations providing supports to individuals with developmental disabilities, awards range from \$25,000 to \$75,000 per year.) The initial grants are generally for a one-year period. Funding is available for up to a 12-month grant period tentatively scheduled to start **October 1, 2020.**

**Expectations for All Proposed Projects:**

- Include specific activities to recruit, include, and support people from varied cultural backgrounds and unserved or underserved populations
- Demonstrate cultural and linguistic competence
- Use of technology to reach as many citizens of Alabama as possible
- Collect data to show evidence of the project's success

Issuance of this RFP does not obligate ACDD to award grants. All proposals become the property of ACDD and will not be returned. Late or incomplete proposals will not be accepted.

Questions relative to this RFP must be received, by email, no later than **Friday, June 12, 2020**. Questions should be emailed to [melissa.sylvester@mh.alabama.gov](mailto:melissa.sylvester@mh.alabama.gov).

## **Funding**

The number of grants awarded depends on the number of proposals submitted and the quality of the proposed projects and funding from the Administration on Intellectual and Developmental Disabilities (AIDD).

The initial grants are generally for a one-year period unless otherwise noted. The Council may renew the grant for an additional 12-month period, dependent upon availability of federal funds, performance evaluations of the project, and the recommendations of the ACDD.

## **Selection Process**

Applications are submitted to the ACDD office and reviewed by staff to determine completeness. Proposals deemed complete are reviewed by the ACDD Program Planning Committee who will in turn make recommendations to the Executive Committee. The Executive Committee will then make recommendations to the full Council membership for final approval. Upon Council approval, Grant Award Notices and letters of approval are issued to applicants whose projects have been approved.

## **Content Requirements**

3. **Project Director:** The individual who will be making programmatic decisions throughout the funded period.
4. **Authorized Official:** The individual who will be responsible for contractual agreements and fiscal accountability. It may or may not be the same individual as the project director.

## Section 2: Abstract

## Section 3: Narrative

The narrative should include the following content with sub-headings:

### **A. Purpose of Project**

1. What is the long-term goal(s) of the project?
2. Explain the role of people with developmental disabilities in the proposed project.
3. Explain how the proposed project builds capacity and/or promises system change or advocacy efforts.
4. How does the proposed project benefit people with developmental disabilities and their families?
5. Explain how your organization will address the selected Area of Interest and at least one of the activities listed under the Area of Interest that you have chosen.

### **B. Project Management Plan** (See Appendix 3) - Project Goal(s), Objectives, Activities, and Outcomes

The following elements are required:

1. **Project Goal** – Identify the overall project goal and briefly explain how it will achieve the project's scope of work.

2. **Objectives** – Identify the project objectives that are specific and measurable and will achieve the selected outcomes.
3. **Activities** – For each project objective, include: a list of all activities (specific tasks, including any project deliverables and products) that will be accomplished; realistic start and end dates for accomplishing each activity; and the primary personnel who will carry out each activity. Any project products should include dissemination plans for potential project replication.
4. **Outcomes** – For each activity, state the expected Outcomes.

### **C. Description of Population Served**

1. Geographic Description
2. Cultural, Ethnic, Racial, and Economic Diversity
3. Participation of Individuals with Developmental Disabilities and Minorities

(Note: Describe steps your project will take to ensure active and meaningful participation of individuals with developmental disabilities and minorities in your project. Such involvement should be, at a minimum, representative of the diversity of your geographic area.)

### **D. Coordination**

1. Involvement of Individuals with Developmental Disabilities and/or Their Families

(Note: Describe how these individuals and their family members will be involved in planning, implementation, and evaluation of the project.)

2. Stakeholder Involvement and Collaboration

(Note: Describe how those other entities that will be impacted by the project (e.g., agencies, commercial and community entities, support groups, schools) will be involved in the planning, implementation, and evaluation of the project.)

### **E. Project Continuation (Sustainability)**

Discuss how the project will be continued after the ACDD funding period is complete.

#### Section 4: Evaluation

In this section, present an evaluation plan for the proposal describing how the applicant will assess attainment of project objectives. The evaluation plan should describe the method(s) planned for assessing project activities and products.

#### Section 5: Budget

The budget must be completed using the budget form included in the Appendices of this application packet (See Appendix 4). The grant request (Federal Share) and the applicant's

contribution (Local Match) must be specified for each line-item. The Budget Section must include the following two documents:

1. Budget Form - completed as specified.
2. Line-Item Budget Justification Addendum (See Appendix 5).

The Line-Item Budget Justification Addendum must justify **each** of the items indicated on the Budget Form. The budget justification must state how each item will use grant funds to meet objectives of the proposed project.

Federal Grant funds are intended to minimize gaps in services and increase the independence, productivity, integration, and inclusion of individuals with developmental disabilities and their families into the community.

Project costs must include all proposed necessary charges to be made by the grantee in accomplishing the objectives of the grant during the specified grant period. These funds may not be used for activities that duplicate or supplant what is already available or required under existing laws and/or regulations.

**Federal Share (ACDD Funds):** This is the federal fund portion of the grant. The ACDD Federal Share is the amount you are requesting from the Alabama Council on Developmental Disabilities. If your proposal is accepted, funds will be **granted based on availability of federal funds** appropriated by the U.S. Congress.

**Local Match:** This is the portion of the grant for which the grantee is responsible. All grantees are required to contribute at least 25% match of the total project budget.

The Local Match Share may consist of in-kind value and/or non-federal cash contributions. Your match can be used only for approved grant activities.

The total cost of the project equals the federal share **plus** the local match share.

A non-federal share "in-kind" Local Match can be calculated by counting donated person-hours, cost of equipment, rent, utilities, or supplies that are necessary for the operation of the ACDD funded project.

Note: To calculate the local match share for the 25% required match, divide the amount of federal dollars you are requesting by 3. Then to calculate the total grant amount, combine the one-third figure with the federal dollar requested (see example below).

### **General Formula**

**Step 1:**  $\frac{\text{Federal Request}}{3} = \text{Local Match}$

Example:  $\frac{75,000}{3} = \$25,000$

**Step 2:** Federal Request + Local Match = Total Grant

Example: \$75,000 + \$25,000 = \$100,000

**Personnel:** The personnel section of your proposed budget should show each position by job title, the number of hours per week that each person will work on the project, and each position's hourly rate of pay. Fringe benefits are to be shown as a separate line-item in the personnel category. The distribution between the federal and local (if applicable) shares must be specified for each item.

**Operations:** The operating expenses of your proposed budget should include all items that are not related to personnel or equipment costs. Included in operational expenses are sub-grant costs, consultant costs, travel costs, and leased equipment costs, etc. Again, the federal and local (if applicable) shares must be specified for each item.

**Travel:** Travel expenses must be detailed and may include mileage, per diem, and other travel costs. Each item must be justified on the Budget Justification Addendum.

**Equipment:** The Council does not encourage contractors to purchase major equipment unless a direct and imperative relationship to the project can be adequately described. The budget shall show, by line-item, each item to be purchased or to be used as the local match share under the grant. Each item to be purchased with Federal funds must be justified in the Budget Justification Addendum.

**Indirect Costs:** If you have a federally approved, negotiated indirect cost agreement, you may use that rate. The approved agreement must be attached to your budget.

If you do not have a federally approved rate, attach a justification to your budget that specifies the rate you are claiming and what is included in your indirect cost(s).

An 8% indirect cost rate is the maximum allowed for this Request for Proposal.

If you have more than one ACDD contract, your indirect cost rate is subject to negotiation.

**Unallowable Expenses:** Through this RFP, we will **not** support the following:

1. Existing projects that are a part of an organization's current program or budget unless the grant program will expand upon the project.
2. Projects that would supplant or replace existing federal, state or local dollars to conduct the project.
3. Projects which have a federal, state or local mandate to be delivered by the applicant organization.
4. Projects which include capital expenditures for the acquisition of land or buildings, new construction or major repair.
5. Any costs associated with grant preparation cannot be reimbursed by the Council.

## Section 6: Letters of Support

A letter of support from each entity that is included in activities described in your proposed project must be included in the appendices of your proposal. A letter of support from a representative of each group of stakeholders is recommended. Additional letters of support may be attached from other entities that have in the past, or will be in the future, a part of the collaborating force involved in your project. All letters of support must be current, signed originals.

### **Guide to Complete the Project Management Plan:**

The Project Management Plan describes how you are going to achieve your objective(s) and goal(s), as well as the expected impact of the project. Please follow the guidelines below to complete the Project Management Plan Form (See Appendix 3). (Note: Make additional copies of the Project Management Plan/Work Plan Form, as needed, to include all goals, objectives, and activities.)

#### Steps in Completing Project Management Plan

1. State goal clearly and simply.
2. Define objective briefly, using only the words necessary to describe the components that are needed to achieve the goal.
3. List specific tasks, methods, and/or procedures in the Activities Column.
4. State who will be responsible for each activity.
5. State a specific time frame in which you will be implementing each activity.

Remember to include all activities you indicated in your narrative that you would be doing, as well as how and when you will include stakeholder coordination and project continuation activities.

Note: See **Sample of Project Management Plan** for sample form that demonstrates the preceding steps and guidelines.

#### Guide to Project Management Plan Terms

**Goal:** The goal statement is the ultimate outcome that you want to achieve. The statement must be brief and include **only** what you plan to impact. (i.e., “20 individuals with developmental disabilities obtain jobs of their choice.”)

Each word in a goal statement must indicate an impact you want to achieve. After you have developed your goal statement, go through it word by word to be sure that every impact you want to achieve is stated and the results you do not want to seek have not been included. (Note: The sample goal indicates the project will result in individuals with developmental disabilities obtaining jobs of their choice. If these words are used in the goal statement, then activities would have to be included in the project that facilitate individuals in making choices, as well as obtaining jobs.)

**Objective:** An objective statement describes what you want to do to obtain your goal (i.e., “50 Students will participate in employment activities in the classroom and community to develop career interests.”). (Note: You may need more than one objective to achieve a goal.)

**Federal Outcomes:** The federal government collects data for these outcomes. Generally, these outcomes are stated in the Request for Proposal (RFP). When selecting federal outcomes for your project management plan, choose those for which your outcome measures provide data. (Note: If you do not know the federal outcomes, you may leave boxes in this column blank. ACDD staff members will complete them. Some of your project’s outcome measures may not have Federal Outcomes.)

**Activities:** These are a series of steps (tasks, methods, and/or products) that you will implement to reach your objective as well as your goal.

For instance, the following activities might be listed under the sample objective:

- Students’ interests and skills are surveyed relating to various employment options.
- Classroom lessons are presented regarding skills needed for successful employment.
- Contacts are made with area businesses in students’ areas of interest.
- Students participate in job-shadowing tours at area businesses.
- Students participate in mock interviews . . .
- Ten Students submit job applications

(Note: Enter one activity per cell in the Activities Column.)

**Outcome Measures:** These are statements of how you are going to measure the outcomes of each activity. (Note: Each activity must have an outcome measure. Your series of activities and their outcomes should lead you to reaching your objective and your goal.)

**Timeline:** This indicates when each activity is expected to begin and end (this may be indicated by month or by fiscal quarter).

**Responsible Person:** The individual who is responsible for implementing each activity.
