Gather your friends and join us on the front lawn of the Alabama State House, for Advocacy Day 2025! Disability Advocates throughout the state will get to

hear from legislators on issues affecting Alabamians with disabilities. Then go inside to meet in person with your local legislators and share your story. Email

them in advance to set up your meeting and let your voice be heard! Go to <https://alison.legislature.state.al.us/> to find your local legislator. See you there!
