

For election-day help, call Alabama Election Protection: 844-4ALVOTE (844-425-8683).

Accessible Voting in Alabama

Disabled voters have the right to vote privately, independently, and with the help they choose.

1 An accessible polling place

You must have an accessible way to enter, check in, move through the voting area, and cast your ballot.

2 An accessible voting machine

Your polling place must have at least one accessible voting system that is set up and ready to use.

3 A private and independent vote

You have the right to mark, cast, and check your ballot privately and independently.

4 Help from a person you choose

You may bring someone or ask someone to help you.

Please note: your employer, someone acting for your employer, or a union representative cannot be that person.

Do you have a disability? Are you over 70? You can ask to move to the front of the line!

Before you vote

Go to **VOTE411.org**

Check your registration, polling place, voting options, and what will be on your ballot.

What accessibility should look like

- ✓ Accessible parking or a drop-off area
- ✓ A clear path to an accessible entrance
- ✓ Enough space to check in and move through the voting area
- ✓ An accessible voting machine that is ready to use
- ✓ Privacy, independence, and the communication access you need

If something is wrong at the polls

1. Tell a poll worker what you need.
2. Ask for the polling-place inspector if the problem is not fixed.
3. **For election-day help, call Alabama Election Protection: 844-4ALVOTE (844-425-8683).**
